To Whom It May Concern:

Ruby's Diner, Inc. has worked with Slater Builders on 3 separate projects over the last couple of years. These projects included a Ruby's Diner, Beachcomber Café and Malibu Pier Club, all 3 on the Malibu Pier.

We have found Slater Builders to be very professional, knowledgeable, and always willing to put in that extra mile to get the job done. If the opportunity arises in the future, we would work with Slater Builders again.

Sincerely,

Ralph L. Kosmides
Chief Administrative and Development Officer
Ruby's Diner, Inc.
