To Whom It May Concern:

One of my properties was built in the early 1970's. It looked dated, tired, rundown and almost ugly.

SLATER BUILDERS came to the rescue.  
What a transformation!

I had ideas - SLATER had even better cost-effective and property enhancement ideas.

I had a budget - SLATER stayed within my parameters.

I had a timeline - SLATER was ready to go and completed the project in 6 weeks.

Thanks to Ed Slater's and Andrew DeSurra's careful attention to every detail, my project was completed with complete professionalism and with absolutely no glitches.

I highly recommend SLATER BUILDERS for any building project.

Sincerely,

A handwritten signature in black ink that reads "Karla Worsdell". The signature is written in a cursive, flowing style.
