To Whom It May Concern:

RE: Slater Builders, Inc.

Michaelson, Connor and Boul had a very positive experience working with Slater Builders in assisting us with the installation of a new elevator and other construction requirements needed for the purchase of our new building on Bolsa Avenue in Huntington Beach.

The Slater Builders team of professional and skilled employees helped to make our business relationship a most enjoyable one. Any questions or concerns we had during the construction period were always answered in a timely and professional manner. I would highly recommend Slater Builders to help with your construction needs.

Sincerely,

Michael J. Ryan  
Vice President/Owner
